

SPECIFICATION SHEET

USM-1305

STAINLESS STEEL GLOVE 5-FINGER, MID-LENGTH GLOVE WITH WEB CUFF

- Mid-length 5-Finger glove made with individually welded stainless steel rings is ergonomically designed to reduce hand fatigue
- 4-Ring joined to make a stronger seam and to help prevent knife stick at the seam area
- Ambidextrous design can be worn on left or right hand
- Two, replaceable web straps, at wrist and top of cuff are easily adjusted for a custom fit
- US Mesh gloves and garments are compliant with FDA 21 CFR and safe for direct food contact
- Gloves are made in compliance with the European EN1082 Standard

APPLICATIONS

- Food processing
- Food service
- Fishing industry
- Textile Cutting
- Steel Manufacturing

CARE INSTRUCTIONS

Keep in dry area. To clean, brush off any product residue and then wash with warm soapy water. Standard dish washing detergent is recommended. Hang to dry.
