

SPECIFICATION SHEET

USM-4301TI

TITANIUM WIRE RING MESH, FULL BODY TUNIC WITH SLEEVES

- Titanium is 40% lighter than stainless steel, especially beneficial in full body tunics worn for an extended length of time - workers will feel less fatigue than when wearing standard stainless steel mesh tunics
- Full body construction to provide cut protection for upper torso and thighs
- Individually welded titanium rings maximizes flexibility, strength and durability
- Titanium is non-corrosive and antimicrobial to not harbor bacteria
- Easy, over the head donning for quick dressing and undressing
- Tunics are easily cleaned with standard dish soap and hot water

APPLICATIONS

- Food processing
- Food service
- Animal control
- Fishing industry

CARE INSTRUCTIONS

Brush food and fat off tunic, wash with soft brush using standard dish washing soap and hot water, hang to dry

TECHNICAL DATA

MATERIAL	100% Titanium wire			
CONSTRUCTION	Mesh ring joined			
COLOR	■ Silver			
SIZES	S-XL			
PACKAGING	1 per bag			
PRODUCT WEIGHT	S	M	L	XL
	6 lbs. / 2.72 kg	6.25 lbs. / 2.83 kg	6.5 lbs. / 2.94 kg	6.75 lbs. / 3.06 kg
COO	China/ Assembly in the US			

PERFORMANCE PROPERTIES

All components are 21 CFR compliant and are Food Safe.
