

P190SP-3CM-HVB-UV-PP1-TL

Custom Made Protection for the Glass Industry

APPLICATIONS

Glass Manufacturing
Glass Handling
Metal Fabrication
Sharp Metal Handling

Custom created for glass industry leaders with demanding needs, this ATA® Prevent Wear™ pullover delivers substantial cut protection and wearer comfort. The high visibility biceps deliver ANSI A8 cut resistance along with increasing safety awareness and compliance. The 3” Comfort Collar provides A7 cut protection. Across the chest, abdomen and forearms cut protection is an A5. And the 3 / 4 mesh back provides ANSI A4 protection while it releases body heat, keeping the wearer cool and comfortable. Also makes it lighter weight and easier to wear. Comfort features include fabric that stretches and breathes. Vented armpits that provide air flow. And the unique Comfort Collar with its cooling effect against the skin.

FEATURES

- Made from extremely strong engineered fiber
- Reinforced belly, neck and forearms
- High visibility bicep color raises safety awareness and compliance
- Convenient pen pocket on the chest
- Snug cuffs with thumb loops keep sleeves from riding up
- Machine wash in cold water, dry on low heat
