

SPECIFICATION SHEET STYLE: 640125-800

Technical Data

Color	Gray
Sizes Available	W5 - W11
Packaging	Boxed
Packed	10/Case
Case Dimensions (cm)	57.00 x 44.00 x 33.00
Case Weight (kg)	12.80
Material	Suede
Outsole	
Тое Туре	Composite
Tread Pattern	
Height	
Construction	Slip Resistant
Certifications	TAA Compliant, ASTM F2413-18
Product Circularity	

Performance Data

ASTM F2413 Requirement

--Compression Resistance--Impact Resistance--Static Dissipative Properties--

Care Instructions

 safety, Slip Resistant, Safety Shoes
 RUBBER SOLE HERITAGE - The 572°F heat-resistant rubber outsole has an excellently slip resistant herringbone pattern with optimum grip. The softer rubber midsole grants underfoot cushioning and shock absorption. By increasing the rotation point, friction and thus fatigue are greatly reduced. The wide frame ensures all around

Iconic Suede Grey Womens LOW Composite Toe Impact Resistant Toe Cap, Static Dissipating

PUMA[®] Safety

- perfect stabilization.
 idCELL The idCELL element in the heel area consists of EVA, a very soft, shock absorbing material. It perfectly absorbs impacts and shocks when the heel strikes the ground.
- ROTATION POINT The special feature of the sole is the integrated rotation point. This point in the area of the inner metatarsus is the most severely strained part while walking. By reinforcing the rotation point, friction and thus fatigue is greatly reduced.
- EVERCUSHION® RELIEF Maximum performance for your work shoes. The contoured evercushion® RELIEF footbed follows the shape of the foot and ensures pressure relief. A specially coordinated arch support enables the foot to be positioned naturally in the shoe and stimulates the muscles when walking. A layer of a particularly soft and stable foam provides extra cushioning and thus superior shock absorption. Grooves on the underside of the insole ensure that the sole does not slip in the shoe. Comfort and support to get your job done.
