

### Technical Data

Color	Black
Sizes Available	M7 - M13
Packaging	Boxed
Packed	10/Case
Case Dimensions (cm)	64.50 x 45.00 x 34.00
Case Weight (kg)	15.80
Country of Origin	China
Material	SAFETY KNIT
Outsole	--
Toe Type	Composite
Tread Pattern	--
Height	--
Construction	Slip Resistant
Certifications	ASTM F2413-18
Product Circularity	--

### PUMA® Safety

Elevate Knit Black LOW Composite Toe Impact Resistant Toe Cap, Static Dissipating safety, Safety Shoes

- **RUBBER OUTSOLE** - This hard-wearing 572°F heat- and oil-resistant rubber outsole has a distinctive tread design with channels to clear fluids for optimum slip resistance. Due to the reinforcement of the rotation point, friction and thus signs of fatigue can be significantly reduced.
- **idCELL** - The idCELL element in the heel area consists of EVA, a very soft, shock absorbing material. It perfectly absorbs impacts and shocks when the heel strikes the ground.
- **ROTATION POINT** - The special feature of the sole is the integrated rotation point. This point in the area of the inner metatarsus is the most severely strained part while walking. By reinforcing the rotation point, friction and thus fatigue is greatly reduced.
- **SAFETY KNIT® - STEP IN COMFORT** - The highly flexible fabric adapts perfectly to the foot and fits like a sock. The SAFETY KNIT® upper, a mixture of high quality synthetic fibers, offers high flexibility, resistance and breathability.

### Performance Data

ASTM F2413 Requirement	--Compression Resistance--
	Impact Resistance--Static
	Dissipative Properties--

### Care Instructions

Hand Wash
